ACM PANEL WARRANTY

CladStyle Warranty Program

At CladStyle Inc., we stand behind the quality of the materials we supply, fabricate, and install. For every completed project, a **project-specific warranty certificate** may be issued upon request at project closeout.

Warranty coverage varies depending on the ACM panel manufacturer, finish type, coating system, project location, and application. As a result, warranty terms are reviewed and issued on a project-by-project basis.

CladStyle works with leading ACM manufacturers, including:

- Ideabond
- Alpolic®
- ALUCOBOND®
- Alubond USA
- ALFLEX®

Depending on the selected product and finish, manufacturer material warranty coverage may range from **15 to 30 years**.

Warranty Documentation

Warranty certificates are issued on a project-specific basis and may vary depending on:

- ACM manufacturer
- Finish and coating system
- Project location
- Environmental exposure conditions
- Scope of supply and installation

Warranty coverage is not transferable between projects and should not be interpreted as a blanket warranty applicable to all CladStyle projects.

CLADSTYLE WORKMANSHIP LIMITED WARRANTY

CladStyle Inc. provides a 2-Year Limited Workmanship Warranty covering installation services performed directly by CladStyle.

This warranty is intended to provide assurance that ACM cladding systems have been installed in accordance with accepted industry practices and project-specific requirements.

Typical Coverage May Include

- Installation workmanship defects
- Deficiencies related to panel alignment and fastening
- Installation-related issues resulting from workmanship performed by CladStyle Inc.

Exclusions

The workmanship warranty does not cover:

- Material defects covered by manufacturer
- Damage resulting from abuse, misuse, vandalism, accidents, impact, or unauthorized modifications
- Structural movement, settlement, or deficiencies in the building structure
- Acts of nature, extreme weather events, or circumstances beyond CladStyle's control
- Failure to maintain the cladding system in accordance with manufacturer recommendations

Workmanship warranty coverage applies only to installation services performed directly by CladStyle Inc. Manufacturer material warranties are handled separately based on the selected ACM product and finish.

PROJECT-SPECIFIC ACM WARRANTIES AVAILABLE

CladStyle Inc. offers ACM panel systems from leading manufacturers including Ideabond, Alpolic®, ALUCOBOND®, Alubond USA, and ALFREX®.

Manufacturer material warranty coverage typically ranges from 15 to 30 years, depending on the panel brand, finish, and coating system selected.

In addition, CladStyle provides a 2-Year Limited Workmanship Warranty on installation services performed directly by our team.

Project-specific warranty certificates are available upon project completion. Warranty terms, coverage, exclusions, and limitations vary by manufacturer, product selection, project conditions, and scope of work.
